**** This program is designed to assist parents who are requesting extended care for their children on a regular basis. It is staffed accordingly and will run efficiently all year, with the exception of preschool closings. Your child may only attend on their school days. At any time you may choose when to pick up your child or let us know they will miss a day. However, the \$10 per hour charge will not be adjusted. Commitment and payment for the extended care program is for the entirety of the student's preschool year. Submitted enrollment applications must be confirmed based on availability and processed before care can begin. Thank you for partnering with us. We look forward to having fun with your children.**

Please complete a separate form for each child, noting the options you have chosen. Please circle only one option from every column.

Once my selected before and after care options are confirmed and my child is placed in the program, I understand that the participation and financial commitment to the program is for the entirety of my child's school year. I understand that the charge for this program is \$10 per hour and I will see those extended care monthly charges on my tuition statements.

I have read and understand all the above information. I agree to abide by the terms and conditions set forth therein.
